# Dow Isocyanate Solutions for Industrial Coatings

Reliable, high-performance solutions backed by Ravago Chemicals' service and expertise.

## Enabling Solutions Across Diverse Applications

From construction and infrastructure to assembly and marine sectors, Dow's high-performance aromatic isocyanate products deliver superior durability, flexibility, and protection across various industrial coatings applications. Dow's range of aromatic isocyanates also supports the broader needs of CASE applications.

High-performance solutions designed for demanding industrial environments.

## Featured Products:

- ◇ ISONATE™ 125M – Monomeric MDI
- ◇ PAPI™ 23, PAPI™ 94, PAPI™ 27 – Polymeric MDI
- ◇ ISONATE™ 127, ISONATE™ 143L – Modified MDI
- ⊙ Reliable strength and durability across diverse substrates
- ⊙ Compatibility with Dow's polyether diols and triols to help meet your unique formulation needs

™ Trademark of The Dow Chemical Company ("Dow") or an affiliated company of Dow

## Why Choose Us?

### Formulation Flexibility

Tailored reactivity and compatibility across coating systems.

### Corrosion Resistance

Proven performance in harsh industrial, marine, and infrastructure conditions.

### Unparalleled Expertise

Backed by decades of R&D and global support.

### Application Diversity

Solutions for construction, assembly, infrastructure, and beyond.

## Let's Talk Solutions:

Need help selecting the right MDI? We're ready to assist.
